OUR VISION

Our vision is to be the point of reference of our clients for every issue related to their business activity. The emphasis on the uniqueness of our clients is our absolute priority.

OUR MISSION

The goal of DELTA FINANCE is to support businesses through outsourcing. This means the delegation of a part or all of financial services and operations of a business to an outside service provider, that is, a company which specializes in this field. This entails saving of time, reduction of operational costs, improvement of business operation and organization structure, thus allowing increased focus on fields of vital importance.

OUR ASSOCIATES

In DELTA FINANCE we have created a team of distinguished associates, with scientific proficiency and expertise, who constitute the company's comparative advantage.

Our associates, showing professionalism, devotion and total respect to the demands of contemporary business, respond immediately to changing market needs of our clients.

Moreover, in order to assist our clients who wish to expand their activity abroad, DELTA FINANCE has initiated its affiliation to an international network, members of which are law, audit, financial and tax advisory firms.

OUR CLIENTS

We provide high quality services to large and/or smaller businesses and organizations, focusing on the special needs of our clients.

Consulting Services

DELTA FINANCE consultants provide their clients with systematic advisory services so that they can develop and grow their business.

Financial Management Services

The Financial Manager's responsibility is to supervise and manage the financial issues of a business and provide advice in other fields of business operation. DELTA FINANCE offers its clients integrated financial management services, by placing at their disposal an experienced and qualified market executive who can respond optimally to his position requirements and the special needs of the company's clients.

Financial Reporting Services in Greek and International Accounting Standards

DELTA FINANCE provides you with Financial Reporting Services according to Greek and International Accounting Standards on a monthly or other periodic basis.

Accounting and Tax Services

DELTA FINANCE, with high professionalism, trust and credibility, caters for the orderly and consistent operation of your accounting services, building at the same time, on your behalf, a relationship of credibility with your tax authorities.

Extraordinary Tax Audits

Our associates have the knowledge and expertise to prepare you in the best way to confront such an audit by performing «virtual» tax audits and by training your executives to deal with them. Moreover, they can spare you from handling this crucial issue and support you during an audit (regular, extraordinary or temporal).

Special Services and Projects

In DELTA FINANCE we have the expertise to offer you support on a series of projects that can or must be performed in your business.

In particular, these services include:

- New Business Establishment and Organization
- Business Plans Development
- Feasibility Studies
- Due Diligence
- Mergers - Acquisitions and Business Transformations
- Business Valuation
- Loan Portfolio Restructuring
- Revitalization of Companies
